
Christmas isn't boring

Christmas isn't boring

The tree is up the puddings ready

And I tell mum

Christmas isn't boring.

The wind blows the snow comes down

I just got up and got my gown

I'm eating my breakfast then I see the presents

I want to un-wrap them now

Mom said I can open one

Oh look I got a fake tongue

Then I tell my mum.

Christmas isn't boring it's fun
